PEOPLE REDEEM THE CITY

Democrats Make a Clean Sweep—
Astounding Majorities Rolled
Up—It Was a Regular
Walkaway.

Special to the Standard.

MISSOULA, April 11.—To be sat upon is hard, but to be jumped on and kicked is harder. That was the fate of the republicans, independents and monopolists today—in fact they were not in it. The democrats scored the grandest victory in the history of the city, electing the mayor, treasurer and police magistrate by overwhelming majorities, the city attorney by a good majority, and three out of four aldermen.

It was a hot election, but without any rows or fights. Early in the morning everybody was at work and every public conveyance in the city was out, covered with banners of various kinds. The fight was never relinquished till the polls closed. Considerable canvassing was done and a few votes cast out. The democrats worked nobly and not the least effective among them were the railroad men. During the day the republicans claimed three aldermen and the city attorney, but at night told a different story.

The first ward to report was the Third, which showed overwhelming victories for the city candidates, except Nicols, but showed that Tylar Worden, republican, had been elected alderman over Mitchell, democrat. Mitchell's defeat is easily accounted for from the fact that the proprietors of a rival gambling house worked against him personally.

By degrees a crowd gathered in and about the democratic headquarters and waited for returns. Each ward as it came in showed democratic victories and cheer after cheer went up. Then came the STANDARD bulletin announcing the Anaconda victory and another cheer was raised. Every democratic candidate was cheered, and the STANDARD and Spokane Chronicle came in for their shares. The democrats own the town. If there were any republicans or independents left they were not in sight. Finally complete returns were received and read to the crowd and they went wild.

The blazing of a huge bonfire, the report of fire crackers, the tooting of tin horns added to the uproar. In response to loud calls, Mayor-Elect Higgins appeared on the balcony in front of the democratic headquarters and addressed the several hundred men assembled there. Inspired by the occasion and the surroundings, he made the best speech ever heard from him in the city. He said in part: "I was born and bred in this town and in my life there is no action for which I am ashamed. If there is a soft spot in my heart it is for the city of Missoula, the county of Missoula and Western Montana. My enemies will say that the Higgins' bundle captured the railroad vote. I will tell you what captured it—it was because the men knew that when in Helena, I voted against blacklisting the laboring men; know that I voted for the eight-hour law and the repeal of the gag law."

He paid his compliments to Mayor Keith for the dirty way he had treated him and ceased by thanking his audience for the compliment they had paid him in calling upon him and for the way they had supported him at the polls and assuring them that as mayor he would know no Missoula Mercantile company, no Higgins faction, but that every man would receive justice at his hands.

He was cheered time after time and after his speech three hearty cheers were given for Frank W. McConnell, chairman of the central committee, to whose magnificent work much of the overwhelming victory was due.

The streets to-night are filled with cheering crowds. Torch light processions have made the darkness turn to light and as much enthusiasm is manifested as if a democratic president had been elected. It is a grand victory and has shown that the people will not be led aside after strange gods or strange parties, nor will they do homage at the shrine of person or corporation.

CARTER IS TROUBLED

The Illness of a Register of the Land
Office the Cause.

INTERFERES WITH HIS PLANS

Opening of the Sisseton Reservation
May Be Delayed—Developments in the Raum Case.

Special to the Standard.

WASHINGTON, April 11.—Commissioner Carter is in a quandary owing to the illness of Walter M. Potter, register of the land office at Fargo, N. D. The Sisseton reservation, lying partly in North Dakota, is to be opened for settlement April 15. There will be a great rush at the Fargo land office and the presence of the register is necessary. His signature is required on the receipts issued to homesteaders. Commissioner Carter received a letter from Mr. Potter today, dated at New Orleans, in which he stated that it would be suicidal for him to attempt to reach Fargo by the 15th. He went to New Orleans on a leave of absence for the benefit of his health several weeks ago. In this emergency it may become necessary either to postpone the opening of the reservation or appoint a new register.

Mr. Potter is one of the oldest journalists in the northwest. He has published papers in Iowa and North Dakota. Many years ago he was editor of the *Saratoga* at Saratoga, N. Y., and was intimately associated with Greeley, Weed, Francis and other pioneer newspaper men in New York.

WHAT BLAIR SAYS.

He Talks About His Rejection by China as a Minister of the United States.

WASHINGTON, April 11.—In the Blair investigation which was commenced today Blair said that the Chinese minister several times expressed regret at his rejection, and a strong desire of his government to request him to secure from his explanations which would set the matter right. Blair thinks the investigation has disclosed a detestable conspiracy; that the rejection was secured through false representations from the Chinese legation during the absence of the minister and by other false and dishonorable means. He said that he is in possession of facts proving the difficulty to be a rivalry of business interests, the nature of which should be ascertained by the governments whose friendly relations have been impaired, if not endangered.

The attorney general today sent to the senate, in reply to a resolution, a list of the unappealed awards against the United States for flowage damage caused by improvements of the Fox and Wisconsin rivers. The awards aggregate \$108,922, and the attorney general says he knows no reason why they should not be paid.

An American War Vessel Laid Up For Repairs.

WASHINGTON, April 11.—The navy department has been informed that the United States ship Mohican has gone to Esquimaux, B. C. to be docked in the British navy yards for necessary repairs, occasioned by running on a rock and losing about 10 feet of false keel.

The secretary of the navy today received a telegram from a Tacoma merchant protesting against the Mohican's going to an English dry dock, when she might have been repaired just as well at Tacoma. The secretary says he was not aware that the Tacoma dry dock was finished or capable of receiving a vessel the size of the Mohican and as the Mohican was enroute to Behring sea, it was easier to have her repaired at Esquimaux than bring her back to San Francisco.

Washington Notes.

The wire to Casper is all right, but in the hands of either the cattle men or rustlers, who will allow nothing to pass but what they approve of. Startling news is expected this afternoon.

LIVINGSTON ALL RIGHT

THERE IS GREAT REJOICING

Republicans Re-Elect Mayor Talcott, but Have Only Two Aldermen in the Council—
Closely Contested.

Special to the Standard.

LIVINGSTON, April 11.—The greatest municipal campaign in the history of Livingston has just ended in a grand democratic victory. Mayor Talcott, republican, is re-elected by 72 majority; J. W. Johnson, democrat, is elected marshal by 13 majority; W. H. Poorman, republican, defeats John T. Smith for clerk and attorney, 33 majority; Mallahan and Bauman, democrats, are elected to the council from the First and Third wards by 5 and 77 majority, respectively; Harvey was chosen alderman in the Second ward by 53 majority. The next council will stand four democrats and two republicans. The democrats are parading the streets tonight headed by the band and are painting things a bright red.

THE ENGLISH BUDGET.

Revenues From Different Sources Increased Over Last Year.

LONDON, April 11.—In presenting the budget in the house of commons today, Goschen, chancellor of the exchequer, said that good fortune again permitted him to submit the budget showing a surplus of £1,067,000. In the last budget the estimate of expenditure was too large and they had a surplus therefrom of £336,000. Customs produced £19,738,000; tobacco, not alcohol, caused an increase. Revenue tax from tea yielded £34,000 over the estimate. Tobacco produced £9,983,000. All this, Goschen declared, proved that wages had not fallen, and there is widely diffused prosperity among the workmen. Excise revenue showed £453,000 over the estimated increase. Increased consumption of home spirits was greater in England than Ireland or Scotland. More spirits were consumed than beer. The estimated revenue for the fiscal year at £90,477,000 and the expenditures at £89,273,000, leaving a small margin, which will not permit a remission of taxation with the exception of a minor reduction in patent fees and on sparkling wines.

Goschen spoke for two hours, and in closing announced the resignation of West, the chairman of the inland revenue board. Resolutions concerning mines were passed and a general discussion of the budget was fixed for April 21.

BAKE CITY, Ore., April 11.—A company of militia left this morning for Vale, Malheur county, to assist the sheriff in protecting William and John Bailey from mob violence. THE ALLIANCE ENDED.

Powers Are No Longer Acting Together in Dealing With China.

PEKIN, April 11.—Li Hung Chang, the Chinese premier, has made a report to the throne on the recent rebellion in North-eastern China. He says that the trouble was due to the years of cruelty on the part of the Mongol Prince and the Cham Yang tribesmen, who oppressed the Chinese settlers, burning their crops and outraging their families. The Chinese were unable to obtain redress. They, therefore, combined and killed the prince's families and all the Mongols who fell into their hands. They were also aggrieved against the Christian community at Jehu, who were arrogant, and attacked them also. The local authorities were either helpless to prevent the attacks or connived at them.

No foreigner was killed. The Belgian mission at Jehu claimed 100,000 taels for the damage inflicted on the mission, and invoked the aid of the French minister. France claims a general Christian protectorate in China, and the latter country is seeking to modify France by granting to Frenchmen tracts of land, railway concessions and other material advantages. The Russian minister has accepted, independently of the other ministers objecting, to follow the German minister, who is the dean of the ministerial corps.

A Sad Accident in Which a Number of
Lives Are Lost.

BOSTON, April 11.—Last evening instructor A. F. Norburg of the Boston farm school, St. Thompson's island, left the city with 10 boys connected with the school in a sail boat, to go to the island. Midway the boat was upset by a squall and all thrown into the icy water. All managed to cling to the vessel, but no relief came and one by one they chilled through and slipped from their insecure support and drowned, until the instructor and eight of the boys were gone. At the end of four hours the boat drifted ashore with the two survivors. The names of the drowned boys are: Frank F. Hitchcock, Homer F. Thatcher, George F. Ellis, Thomas Phillips, William W. Curran, Charles H. Graves, Harry F. Loud and Albert H. Packard.

ANOTHER CORPSE FOUND.

A Body Riddled With Bullets Picked Up
Near Billings.

SPECIAL TO THE STANDARD.

BILLINGS, April 11.—To-day Coroner Chapple was notified that the body of another man was found near where "Kid" Fadden met his death. An inquest was held and the body identified as that of Charles Green, from Custer, South Dakota. He was known here as Al Parker. Eight or nine bullets had pierced his body, evidently, while the man was endeavoring to escape. He was the man who left here with "Kid" Fadden March 8, and evidently both had been killed about that date. The verdict was that he came to his death by gun shot wounds at the hands of a party unknown to the jury.

Looks Like a Duel.

ST. LOUIS, April 11.—Howard Eshola, a mulatto, was found dead in the room occupied by Jennie Harris, a colored woman, who is believed to be mortally wounded. The couple lived together. He threatened to kill the woman and commit suicide. It is believed when he attempted to carry out his threat he found the girl armed and a real duel ensued, as a revolver by his (Eshola's) side was discharged three times, and that by the woman's twice, and wounds on each correspond with the empty shells. The woman will die.
